

# I'm Sure Now

Man she's pretty  
I met a stunning woman from the city -  
Looking like a beauty Queen  
Or starlet from a movie scene  
Emerald eyes of shining green  
You know exactly what I mean and...

Lord I'm smitten  
Her touch is just as gentle as a kitten -  
My heart - starts to skip a beat  
Nearly knocks me off my feet  
I wipe the sweat from off my brow  
So what the heck do I do nowww... ..

*Ba-aby - don't know where to start  
Guess that's what I get  
And I lead  
With my heart  
... Ba-aby - Let's take that final step  
I've waited till I'm sure  
Now I'm sure  
Now I'm sure  
Now I'm sure.  
Now I'm sure*

Now I'm sure she's a honey.  
Another beauty from the country  
A western lass dressed tight in jean  
No finer gal has ever been  
And if you've seen what I have seen  
You'd know exactly what I mean and...

She can have me  
Just tie me down with rope, hog tie, brand me  
- My heart - starts to fill with fire  
You're the object of desire  
So like a mule without the plow  
Just what the heck do I do nowww...

*Ba-aby - don't know where to start  
Guess that's what I get  
And I lead  
With my heart  
... Ba-aby - Let's take that final step  
I've waited till I'm sure  
Now I'm sure  
Now I'm sure  
Now I'm sure.  
Now I'm sure*

Now I'm sure  
Now I'm sure  
Now I'm sure.  
Now I'm sure*

Lord, have mercy  
They're livin in the city and the country -  
Is this a dream or is it real  
The way they always make me feel  
And there's no explanation how  
So what the heck do I do nowww...

*Ba-aby - don't know where to start  
Guess that's what I get  
And I lead  
With my heart  
... Ba-aby - Let's take that final step  
I've waited till I'm sure  
Now I'm sure  
Now I'm sure
