Lyrics:

Under the Mistletoe

(he sings)

I just can't wait to celebrate Christmas
Kids making angels in the snow
Can't wait to be alone with my miss'us
Under mistletoe

I don't complain because it's cold out
It's just another yuletide charm
So if the chill sets in around Christmas
I warm right up in baby's arms

Crystals of frost grow high on my window
Wrapped all my gifts beneath the tree
The only gift I want for Christmas
Another hug and kiss for me

Chorus:

*So let the fire logs snap and
the Christmas bells chime
Let the tinsel rain down and
the lights blink time
Let the jolly man sing with a ho ho hooo
Catch you under mistletoe*

(she sings)

I just can't wait to celebrate Christmas

It's the happiest time that I know
Lighting candles hanging holly
And standing under mistletoe

I still leave out some milk and cookies
There's blinking lights upon the tree
But all I really want for Christmas
Is feeling baby's arms around me

My favourite carols on the radio
Christmas cards hanging from a string
I like to stand beneath the mistletoe
Get all the love that he can bring

Chorus:

*So let the fire logs snap and
the Christmas bells chime
Let the tinsel rain down and
the lights blink time
Let the jolly man sing with a ho ho hooo
Catch you under mistletoe*

(both sing)

We just can't wait to celebrate Christmas
Our love together we will grow
There's no place I'd rather be at this moment
Than meeting under mistletoe

We have our faith and have traditions
We love our friends and family
But you alone within the fires glow
The perfect time for baby and me

So if you are in love at Christmas
I think there's something you should know
You'll never get a better present
Than standing under mistletoe

Chorus:

*So let the fire logs snap and
the Christmas bells chime
Let the tinsel rain down and
the lights blink time
Let the jolly man sing with a ho ho hooo
Catch you under mistletoe*

So let the fire logs snap and
the Christmas bells chime
Let the tinsel rain down and
the lights blink time
Let the jolly man sing with a ho ho hooo
Catch you again under mistletoe
Catch you again under mistletoe
